

Attend CHICA Eastern Ontario Meetings by Videoconference!

Videoconferencing will now be available for our chapter meetings, courtesy of Providence Care in Kingston, Ontario. You will need to participate from a site that has videoconferencing equipment available. The following information is required from you in order to participate:

- 1. Name of the facility that will be hosting the videoconferencing**
- 2. Room number in that facility**
- 3. Phone number and/or IP address for system**

We will call in to the site using CareConnect (now known as Ontario TeleHealth Network, there is no charge for us to hook sites in. It is suggested that Belleville members, Brockville members and our more northern members select a host site (the General Hospitals all have this arrangement, including Perth and Smith Falls) and make the above arrangements prior to the meeting.

Once arrangements are confirmed, contact Jim Gauthier with the particulars **AT LEAST 2 DAYS** in advance of the meeting.

Jim Gauthier
